

ALUMINUM CUSTOM MADE LOUVER VENTS

Custom made to fit your opening. Triangle, Square, Rectangle or custom to your pattern. (no 1/2 rounds or circle tops) The nail fin can go on the front side or rear. The nail fin can be field reversed or left off completely. The louvers are .024 thickness and the U-Channel frame is an .040 thickness with a baked on enamel finish. Aluminum screen mesh is standard on the back of all vents. They come in two colors white or antique white.
